Cyberport Conference and Exhibition Center, Hong Kong
Congress and Workshop 2 -3 November 2012

Invitation

Project Management Institute Hong Kong Chapter (PMI HK) will host this Asia Pacific Congress to promote Project Management (PM) as a profession and upgrade the standard of PM in Hong Kong and the region on 2-3 November 2012 at the Cyberport. With the theme of "Maximizing Business Benefit in a Dynamic & Changing Environment", it will offer an invaluable platform for executives and project management professionals to exchange ideas and experience of the latest PM knowledge and skills with the international experts in order to enhance the business performance under the current fluctuating and "risky" global environment.

Keynote Speaker from Project Management Institute

Ricardo Vargas MSc, PMI-RMP, PMI-SP, PMP
Director, 2012 PMI Board of Directors

"The Pulse of the Profession"

This presentation reports on the state of project, program and portfolio management in 2012, examining a number of global dynamics that are forcing organizations, both public and private, to take a more critical look at their projects. The presentation highlights key areas of focus, and five trends that emerged from PMI's latest survey of practitioners and project management leaders, and provides examples of how current challenges are being met in the public and private sectors.
